RAISING A STANDARD OF RIGHTEOUSNESS IN THE CENTER OF COMPROMISE

In the center of Halifax, there's a shopping center of historic significance called the Piece Hall. The management of this center have decided it's valuable to allow this to be a spiritual center as well as a business center, and they have invited ministers from every religion to be chaplains. Once a month there is a prayer meeting held with all of these chaplains and I was invited to speak briefly at the beginning of the prayer meeting. It was a wonderful time of claiming Halifax and surrounding areas for Jesus. After we were finished praying one of the attendees came to me and asked me to pray for her. As soon as she sat down next to me, I saw her as a tall giant in armor, holding up a banner and leading the charge to spiritual victory for Jesus in the center of Piece Hall.

I was also invited to share one evening at a church in Halifax. There was a group of about 30 with whom I shared my testimony and encouraged them to put their trust in God for everything that they need and seek Him first.

CALLING THE CHURCH TO ACTION

During the conference at Calais, I had the honor of being invited to speak on Easter Sunday at a Church in Bolton, UK. As I was praying about the service, I sensed in my spirit that the Body of Christ in England has grown apathetic about preaching the gospel of Jesus. I shared with this Church of how Easter is a reminder to us, not just of that from which we've been made free, and of the new life in Christ which we've been given, but it is also a reminder of the calling we received to go out and share our faith. After Jesus was raised from the dead the disciples spent time in prayer together until the Holy Spirit came. After the Holy Spirit came on them they shared their faith with everyone! New believers were added to the church daily. I encouraged them to follow the early church example from the book of Acts by spending time together in prayer and then by sharing their faith boldly with everyone. Then my mom and I prayed for several to receive the baptism of the Holy Spirit. God is at work in the UK!

There was an interpreter translating my message into French; I thank God for the opportunity to practice working with an interpreter. I believe by God's grace and His calling on my life and this ministry, that's a skill I'm going to use often and all over the world!

The Power of Sharing the Gospel Message

When we were in Blackpool sharing the gospel at the street festival, my mom began a conversation with James who had just gotten out of prison. He told us that someone from prison had been sharing with him about Jesus and had given him a Bible to read. When my mom began speaking with him, he was very interested because he was ready to receive the Lord. When I came into the conversation, he was already affirming to my mom that he believed Jesus died for his sins and was raised from the dead. I got to lead him in a prayer of salvation. If you are bold to share with everyone, you do not know the impact it can have. You may not see it manifest, or you may be the one that gets to lead them in the prayer. One plants the seed, another waters it, and God makes it grow. The one who plants and the one who waters work together with the same purpose. (1 Corinthians 3:6-9) So take the step of faith and share the message! You may see the outcome, or you may not. Your silence may not accomplish much, but by speaking you could change a life and save a soul from hell.
